

Everything you need for great coffee at work

Supplying businesses since 2002

We're a one-stop shop for state-of-the-art coffee machines, water machines, first-class installation and all the related back-up services that make working life easy.

We'll also keep you happily supplied with coffee that beats the best on the high street.

5* customer service

- Machine set-up
- On-site service contracts
- Preventative maintenance
- Cleaning and sanitization
- Online ordering and next day delivery
- Advice and expertise

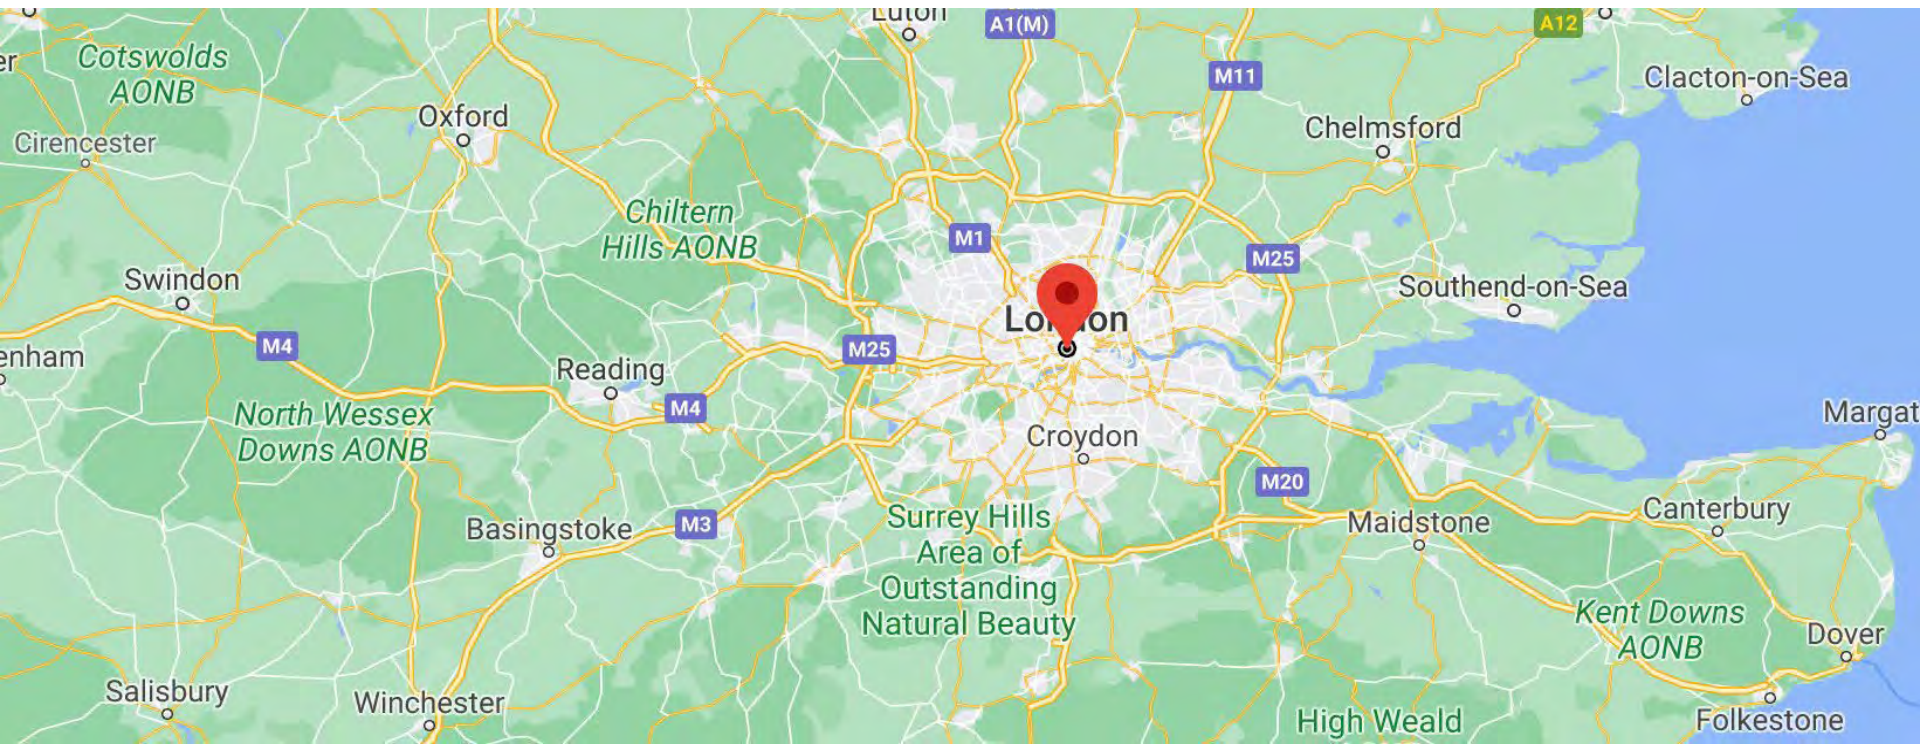

Where we operate

From Hackney to Hove, St Albans to Southampton... we know London and the South East like the backs of our hands.

Our offer for National Accounts means we have a Rex-Royal machine in almost every city in the UK.

You'll find Roast & Ground coffee machines in staff rooms, board rooms, canteens, reception areas, bars, gyms, conference venues, break-out areas and more.

Who we serve

From offices and other workplaces to hotels, schools and colleges to pubs and bars... we can meet the varied and specific needs of commercial coffee machine users.

Our Rex-Royal machines are built to order, and with manual and automatic steam wand options, are used widely both in self-serve and served environments.

You'll find Roast & Ground coffee machines being used by caterers, hoteliers, pub operators, facilities managers, leisure centres, car dealers and more.

The company we keep...

Our equipment

- **Great quality, cost effective, reliable.**
- **Automatic bean to cup, filter and traditional machines.**
- **Filtered water taps.**
- **Attractive with contemporary styling.**
- **For offices, meeting rooms, canteens, receptions, rest areas, staff rooms, board rooms and more.**
- **Self-serve and served solutions; free vend or contactless payment systems.**

Our support

Our end-to-end service includes:

- Finance options
- Machine set-up & training
- On-site service and repairs by expert engineers
- Scheduled preventative maintenance
- Filter changes
- Fully-managed service
- We aim for a 6-hour engineer call-out in central London, 24 hours outside

Our coffee

Tasting, selecting, refining and adapting since 2002

- Hand-picked
- Chosen to work brilliantly with our equipment
- Roasted frequently for maximum freshness
- Single origin and sophisticated blends
- Speciality grade and fully traceable
- Fully accredited - Rainforest Alliance or Fairtrade

Fuel Their Day

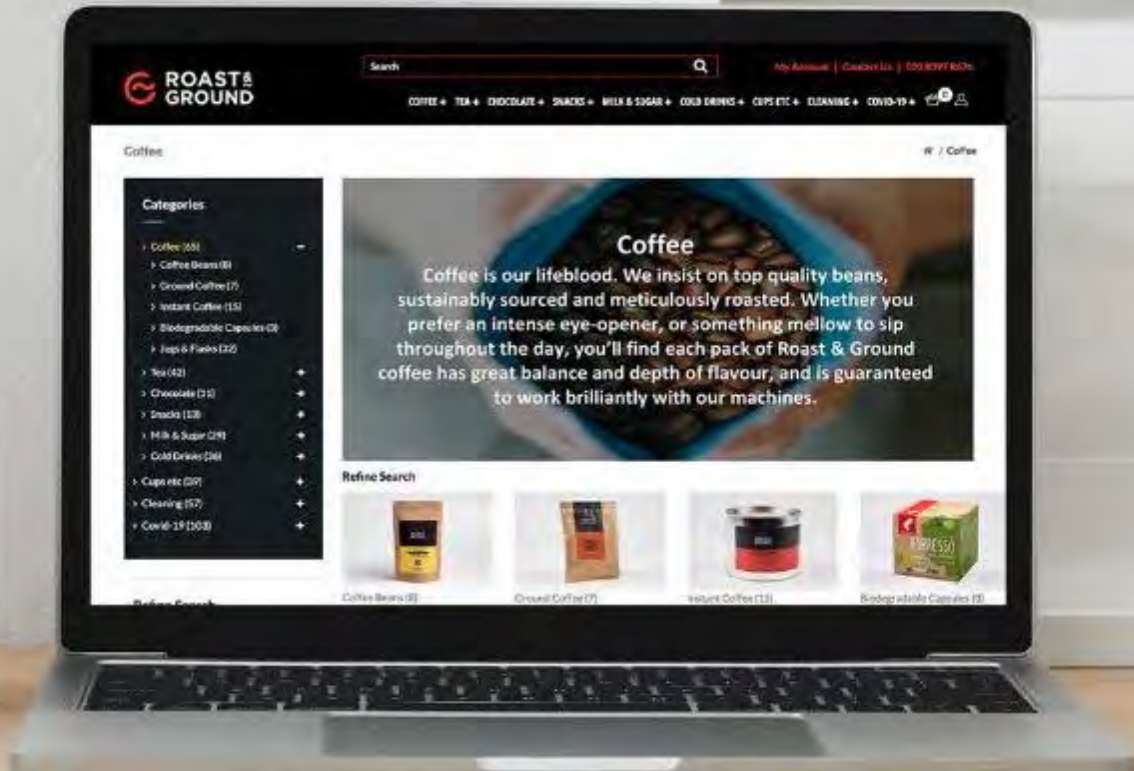

**Helping raise thousands for charity,
Only A Pavement Away.**

- **Fuel Their Day is a deliciously smooth, chocolatey coffee created specially to support Only A Pavement Away.**
- **Helping people facing homelessness find employment in the hospitality trade.**
- **With every pack sold, our customers donate 25p to the charity, Roast & Ground then match the donations, so that's 50p per pack to Only A Pavement Away.**

Shop R&G

- Order online, telephone or by email.
- Next day delivery.
- Machine consumables & cleaning – R&G beans, granular milk, chocolate, cleaning tablets, surface sanitisers etc.
- R&G filter coffee range, Birchalls natural infusions, Eat Natural snacks, Alpro non-dairy, Vegware compostable cups and more.

CSR

- With hundreds of customers serving thousands of our drinks a day, together we can make a real difference.
- All our Roast & Ground coffees are either Rainforest Alliance or Fairtrade certified.
- We support our house charity Only a Pavement Away with donations, awareness building and our coffee Fuel Their Day.
- Our hygiene and maintenance contracts keep machines operating efficiently, minimising call-outs.
- Recycling & reuse;
 - R&G boxes are made of recycled materials and are recyclable
 - we promote the biobean grouts collection service
 - we offer reusable mugs as well as compostable disposable cups.
- We help combat climate change by supporting GreenTheUK in the reforestation of kelp beds off the Sussex Coast.
- Our 10-point CSR checklist shows the many ways we are committed to acting responsibly, both environmentally and socially.

**Coffee machines for
50 – 500 drinks per day**

Bean-to-cup machines

Fully automated machines that freshly grind beans for every cup

- Brewed under pressure, creating a perfect espresso
- Great tasting favourites including flat white, cappuccino, latte
- Easy push-button operation
- Automatic rinsing and cleaning programmes
- Fresh or granular milk
- Stylish with matching accessories
- Top brands including **Rex-Royal**, **Jura**, **Coffetek** and **Rhea**

Rex-Royal

The image shows several Rex-Royal coffee machines. In the foreground, there are two coffee grinders with bean hoppers on top. Behind them are several espresso machines, some with digital displays and buttons. The machines are dark-colored, likely black or dark grey, and are arranged on a dark, reflective surface. The lighting is dramatic, highlighting the metallic and plastic components of the machines.

Roast & Ground are approved importers and sellers of Rex-Royal coffee machines since 2011.

Swiss-made quality engineering with high quality metal components including a patented metal brewer, ensures a perfect cup of coffee time and time again.

Twin grinders, two/three milk options, fresh milk, granular milk, steam wands and instant options. Rex-Royal machines are built to order to meet specific needs.

Monitor, report, resolve with the Rex-Royal Telemetry System

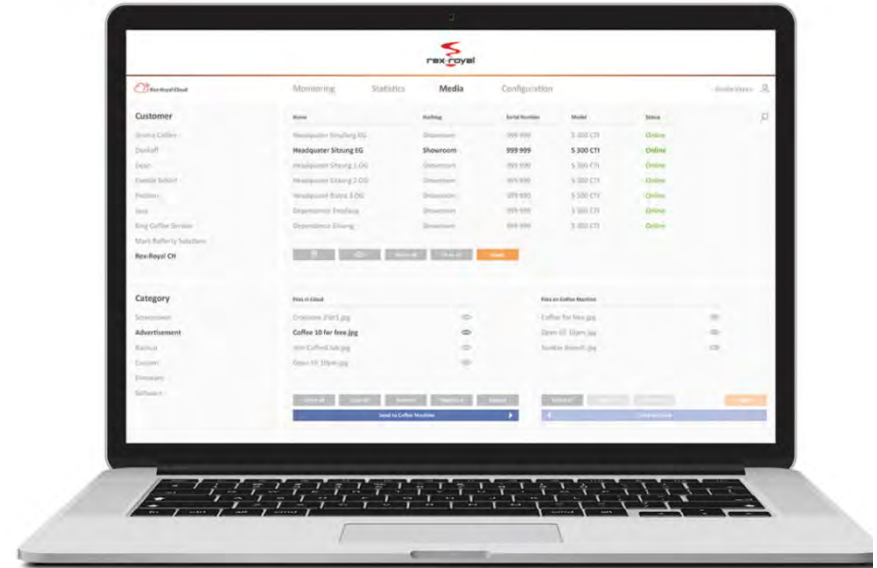

Easy-to-use web-based dashboard giving access to metrics such as;

- Drink selections
- Coffee brew times
- Peak usage times
- Number of cleans.

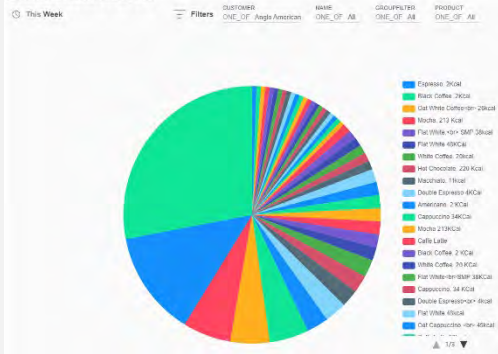

Configure and create reports on anything the coffee machine measures.

With your permission, and a unique one-time code, our expert engineers can use the Telemetry system to fix electronic issues remotely.

If we can't solve the problem remotely, we'll be on-site to get your equipment back up and running quickly.
